The visitors who want to promote oneself business so for it you have to apply for an India business visa.

The validity of e-business visa India is 365 days from the previous 60 days and the foreigners are allowed 180 days for continuous staying and within this time, without any registration. If you want to increase the validity so you have to pay the penalty.

What is the process for applying India business visa?

The India business visa allows the holder to participate in the business activities to explore the business. You can get e-business visa India by following some steps to follow-

Apply for the India business visa-

The first process is to apply for an India business visa and for it you have to fill the [online Indian visa application](#) form for doing business activities. In this form you have to submit all the correct details, not any single mistake. Required some documents, attached with a Visa application and submitted the form.

Required documents are-

- A}. Scanned copy of your passport.
- B}. Passport size photographs.
- C}. Copy of business invitation letter.
- D}. Copy for business card.
- E}. The business venture must be legal.
- F}. The photograph size must be less than 4MB.
- G}. The photograph should be white background.
- H}. The photograph should be clear and clickable by digital camera.
- I}. The name of passport is similar to the visa application mentioned name.

2. Pay the visa service fee-

After applying for an Indian business visa and submitting all documents with an online Indian visa application form, you have to make the fee of the visa.

The instruction for pay the visa fee are showing below-

- A}. Log in to your online applicant system and create a file.
- B}. Click on schedule my appointment option on the left hand side of the screen and fill the visa type, post, visa category and visa class.
- C}. Once you are on the payment screen, and there are many options for filling the payment method, you can select the online method with a debit/ credit card or a PayPal method.
- D}. You have to pay the visa fee and the activation is immediate to be done.

The main thing is that under filling the form you have used one credit card and sometimes the payment is failed so, you don't have to use the same credit card before 24 hours, it creates lots of problems so be alert for it. You can use another credit card for payment methods if the other card gets rejected.

3. Get e-Visa on email-

The E-Visa approval takes the time between 1- 3 working days so you can check your email status daily to be updated for getting it. If your e-Visa approval came on email, so it's a best news, you have to print out the e-Visa and carry it at the time of departure in India and makes your trip memorable, as you all know for tourist purpose India is the best and for the purpose of business activities making the business in convenient and affordable way is best for us. Because in India expenses are less, income is more. So through this statement you can judge which the best place for doing business is and promote the business.

4. Travel to India-

After printing out the e-Visa, carry it at the time of departure in India because without a passport you have no entry for [visiting in India](#). For the business purpose you have to carry the e-business visa India at the time of departure in India. For business purposes, India is the third largest position in the world as well as growth of business.

Note: - For urgent business visa you have to pay the extra fee, and you have to follow the same process for applying. Urgent business visa is for those who have really urgent work like your document submit for employment basis and those urgent work which for you cannot wait.
